

Preparation for removing stubborn organic dirt from glass, varnished, rubber and plastic surfaces.

**PRODUCT FOR PROFESSIONAL USE**

**PRODUCT COLOUR**

Red.

**SUBSTRATE**

- ✓ Varnished surfaces.
- ✓ Glass.
- ✓ Plastics.
- ✓ Rubber surfaces.

**PROPERTIES**

- ✓ Convenient and easy to use, no dilution required.
- ✓ It is safe for car bodies and varnished surfaces.
- ✓ Protects against the effects of adverse weather conditions.
- ✓ It does not leave streaks or stains.

**WAY OF USE**

Before using the product make sure that the rim is cool. Evenly spray the surface. Wait 90 seconds after applying the product. During this time, the product will change to a bloody colour. Do not let the product dry on the cleaned surface. Use a soft brush or sponge to remove stubborn dirt. If the rims are only lightly soiled, the effect may not occur. Rinse the rims with high pressure water.

**ATTENTION!** The product has a very strong smell. Store upright. Do not store the product in the car. Read the label and the MSDS before using the product.

**CONTENT OF VOLATILE ORGANIC COMPOUNDS**
